

World Environment Day

5th June 2022

Observed by

Progati College, Agomani
www.progaticollege.com

Venue: College Campus

Date: 05-06-2022

World Environment Day is celebrated annually on 5th June and it is the United Nations' prime vehicle for inspiring awareness to protect the environment. "Only One Earth" is the slogan for the protection of Human Environment which is started by the UNO in the first conference in 1973. This largest global platform for environmental development has published a practical guide outlining some of the collective, transformative actions that governments, organizations, cities, institutions and individuals can take to protect and restore our planet.

Keeping in the mind the global warming, shortage of Oxygen and increasement of Carbon-Dy-Oxide, the NSS unit of this college has accomplished the World Environment Day with an action of plantation. In guidance of the teachers of this college a meeting is held in which the teachers makes an awareness about of the Air pollution, Soil pollution, Water pollution, Sound pollution and the need of plantation and preservation of trees. The NSS unit in co-operation with the Extension Cell of IQAC, Progati College, Agomani plant 20 (Twenty) plants in front of the main college gate besides the public road which plants can supply more oxygen and cool shades.

The programme has been ended at 1.00 P.M. after having light food provided by the college.
