The first World AIDS Day took place in 1988, providing a platform to raise awareness about HIV, AIDS and honour the lives affected by the epidemic.

World AIDS Day 2023 marks the 35th commemoration of this important Day with the theme “Let Communities Lead”.

The NSS Unit of this college under the leadership of NSS Programme officer Dr. Parameswar Ray in collaboration with IQAC implemented an awareness programme within the college campus in which students, NSS Volunteers, teachers and neighbour have participate.

In the programme several speakers deliver their precious speeches to make people conscious of the affect of HIV/AIDS in the human life. The speakers discuss about the harmful effect of HIV/AIDS and how the community can save them-selves from the attack of this virus.
