Feedback of the excursion program in New Delhi:

During the excursion program in New Delhi, we visit some of the historical places like Red Fort, Qutub Minar and India Gate. In the Red Fort we came across various historical facts about our Country. Visiting Qutub Minar gave us the historical position of the Delhi Sultan Qutb-Uddin-Aibak and the entire Delhi Sultanate. India Gate is an important landmark in our Country. Where we found the Sacrificial Contributions of our soldiers who fought in some of the historical wars in the world like the Kargil War of 1999.
